

LS Series

The Worthington Laboratory Systems (LS) are uniquely designed for large vial capacity in convenient box-type storage racks. They provide maximum holding times. This means lower per vial operating costs and fewer refills. The new LS6000 with the CS100 with Temperature readout provides automatic filling and alarm features.

(1) Evaporation rate and static holding time are nominal. Actual rate may be affected by the nature of the contents, atmospheric conditions, container history, and manufacturing tolerances.
 (2) Work time is an arbitrary, reference-only value to estimate container performance under the actual operating conditions.
 (3) Without canisters or racks.
 (4) 2.0 ml vial size: 12.5 mm O.D. internal thread. (5) 81 cell boxes available.
